Objective

My goal is to become associated with an institution where I can utilize my skills to solve challenges that are of worldwide concern and gain further experience while enhancing the Institution's productivity and reputation.

Education

Master in Marine Plastic Abatement 2021–2022

Asian Institute of Technology, Pathum Thani, Bangkok, Thailand *CGPA 3.21/4.00*
– **Thesis:** *Mitigation and Adaptation Process of Marine Plastic Pollution in Cox's Bazar Area of Bangladesh*

Bachelor of Science in Computer Science & Engineering 2015–2019

University of Asia Pacific (UAP), Dhaka, Bangladesh *CGPA 3.68/4.00*
– **Thesis:** *An Outlier Based Abnormality Detection for Leaf Disease Diagnosis with leaf disease segmentation.*

Research Interests

My research interests lie at the intersection of **Machine Learning**, **Computational Imaging**, and **Environmental Data Analytics**, with a focus on **Multimodal Data Fusion**, **Ocean & Eco-Monitoring** (marine plastic and effluent analytics), and **Smart Diagnostics** to solve critical real-world challenges in ecology, healthcare, and intelligent systems.

Publications

4. "Stylometric & Credibility-Aware Four-Way Human and AI-Generated Misinformation Classification", Accepted, International Conference on Innovations in Science, Engineering and Technology (ICISET, 2026)
3. "Confidence-Aware Referee Network for Multi-Source Fundus Image-Based Cataract Detection", Accepted, Biomedical Engineering, Computer and Information Technology for Health (BECITHCON, 2026)
2. "Authorship-Aware Fake News Detection Using Hierarchical Meta-Learning with Transformer-Based Text Features" Applied soft computing (Elsevier, 2026).
1. "Discriminant Feature Extraction using Disease Segmentation for automatic Leaf Disease Diagnosis" International Conference on Computing Advancements (ICCA, 2020).

Awards / Achievements

- Japan Government Scholarship in AIT for a master's degree in Marine Plastic Abatement.
- AIT Scholarship at Asian Institute of Technology for Data Science and Artificial Intelligence Master Degree., Thailand — January 2023, August 2023, January 2024
- IFA Cross Culture Program Fellowship, Germany — 2019
- 1st Runner Up at Inter University Programming Contest-2018, University of Asia Pacific. — 2018
- Champion at Idea Generation for Digital Bangladesh 2018, Ministry of ICT, Bangladesh. — 2018
- Vice Chancellor Award as Undergraduate Scholarship, University of Asia Pacific — 2017, 2018
- 1stRunner Up at NLP Hackathon 2017, University of Asia Pacific. — 2017
- Deans Award as Undergraduate Scholarship, University of Asia Pacific — 2016

- 1stRunner Up at Digital Universe Exposition 2015, University of Asia Pacific. 2015
- District Champion of RSF Environment Fest 2011
- District Champion of PSTU Debate championship 2010

Accomplished Trainings and Workshops

Android application development by ministry of ICT (Worked on Android Studio) 2018
Training Institute: Digicon Centre, Bangladesh. Duration: 1 month.

Brain Engineering Workshop: Brain signal data handling (Focus on blind & handicap people) 2018
Training Institute: University of Asia Pacific, Bangladesh. Duration: 5 days.

Mobile game app development by ministry of ICT (Worked on Unity, Blender, Make Human) 2016
Training Institute: University of Asia Pacific, Bangladesh. Duration: 10 days.

Professional/Computer/Software Skills

Tools & Platforms	MATLAB / Machine Learning / Google Earth Pro / SPSS / Geographical Information System (GIS) / Scientific Paper Writing / Github
Web App Frame Work	Android, Laravel, java GUI
Programming Language	Fluent with C/C++, Java, C#, PHP, Python
Hardware Familiarity	Arduino
OS & Editing tools	Windows (any version), Linux- mint, ubuntu • MS Office suite, Canva • Crystal Report

Work Experience

Lecturer (Mathematics, Physics, & Science), Sarasas Affiliated School, Bangkok Thailand. July 2022 – Present

– Graded and evaluated student assignments, papers, and coursework. Encouraged creative thinking and motivated students by addressing individual strengths and weaknesses based on standardized testing results.

– Enhanced student knowledge of technology by integrating various web-based applications for research and assignments. Incorporated multiple types of teaching strategies into the classroom.

Assistant Program Officer, Bangladesh Open Source Network, Dhaka, Bangladesh. October 2019 – November 2021

– Research the Competitive IT industry, communicating with the female students Participants, creating programming resource content, run skill development workshops on programming and assist program officers to run the project. Assist to prepare Programming Laboratory for contest.

Communication Associate, DDI Expo-Bangladesh Hitech Park, Dhaka, Bangladesh. July 2019 – September 2019

– Create & update Web Content, communicate with partners and guests, moderate registration process and also assist the secretariat work.

Junior Software Developer, Reflection Microsystem, Dhaka, Bangladesh. October 2018 – June 2019

– Develop RMS software project and developed the product allocation module and integrated the QR code reader with team.

Extra-Curricular Activities
